Dear Sir:

In accordance with the provisions of 37 C.F.R. 1.56 and 37 C.F.R. 1.97-1.99, Applicant submits herewith a Form PTO-1449 listing information known to Applicant and requests that this information be made of record in the above identified application. Copies are submitted herewith in accordance with 37 C.F.R. 1.98(a).

This Information Disclosure Statement is being submitted with an RCE. Therefore, no fee is required.

It has come to applicant's attention that an Information Disclosure Statement previously submitted included inadvertent typographical errors or incomplete information.

Specifically, the Information Disclosure Statement filed February 14, 2001 included the following inaccuracy:

1) In the article of Application Note 201 entitled *EMI Suppression Techniques with Spread Spectrum Clock Generator (SSCG) ICs*, IC Works, February, 1998, Pages 1-2, the word "generator" was misspelled.

The above inaccuracies are corrected on the 1449 Form attached hereto. The Examiner is requested to initial the attached PTO Form 1449 evidencing consideration of the above references and line through these references on the previously submitted Information Disclosure Statements to ensure that the correct information is printed correctly on any issued patent.

Respectfully submitted,

Eric J. Robinson
